

PUBLICATION CHARGE CERTIFICATION

Hydrological Research Letters

Valid April 1, 2017

The authors or their institution are requested to help support the costs of publication which should be regarded as an essential and proper part of the research budget. The costs cover editorial operation, English correction, uploading, and other works relevant to preparation of a paper for printing and its inclusion in international databases. We cannot publish the accepted manuscript unless the publication charge is paid. The only exception to the rule is the member of Asia Pacific Association of Hydrology and Water Resources who has approved a reduction or a waiver of publication cost upon submission (see Guidelines for Authors) and the author(s) of an Invited Letter.

Editor-in-Chief

Author(s) are requested to fill this form and submit it to the Production Department (hrl@nacos.com) upon proofreading.
